

INSTALLATION INSTRUCTIONS

NUMBERS - VINYL

Please use these instructions as a general guide for the following matte black vinyl numerals:

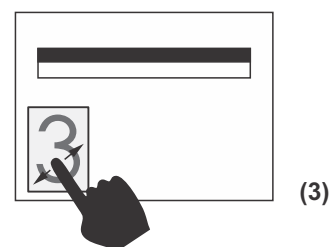

- 50mm
- 85mm
- 110mm
- 150mm

1. Lightly pre-mark the correct position for the number(s) with a pencil.

2. Peel back the top film ensuring the numeral has stuck to it.

3. Ensure surface is clean and dry. Carefully place the number(s) in position, press it down and rub firmly.

4. Peel off the transfer film carefully ensuring all of the number(s) has stuck to the desired surface.
